120 Duke St W, Kitchener

How does our community foster inclusion and respect for human rights?  
What is our shared experience?  
What is our common responsibility?

Come together with others to look at how we can all claim a common vision of a community that includes everyone.

The afternoon will begin with a presentation of the highlights from the August 22, 2007 *Vision for an Inclusive Community*. Small group discussions will exchange ideas about the myths we hold about inclusion and about how we can really walk the talk of collaborating and sharing power in our community. Working together we will create messages to share with the broader community.

Please RSVP by September 9<sup>th</sup> to Kim Cox at 519-579-1096 or email [kim@waterlooregion.org](mailto:kim@waterlooregion.org)
