

Commitment to a Fair, Healthy and Resilient Waterloo Region

Voters need to know on October 22!

If elected on October 22nd, I will:

- organize regular meetings throughout the year** with my constituents to share information and learn about their experiences and ideas
- reach out to marginalized resident groups** to be intentional about including their experiences and views in all decisions I make
- advocate** to higher orders of government to ensure adequate funding for the social and physical infrastructure that is needed in our community
- support the organizing of the annual Meet Kitchener Elected Representatives Forums** to continue the conversations & renew the commitment to make every voice count
