## Hosted By:

Dr Fadhilah Balogun, is a medical doctor from Nigeria with over 20 years of experience working in the Gender Based Violence (GBV) sector both locally and internationally. She describes herself as “Community Volunteer” and always on the path of spreading awareness about gendered violence and its prevention as well as conflict resolution within the family.

Dr, Elizabeth Onyango is an alumna of University of Waterloo where she completed her PhD in Health Geography in the faculty of Geography and Environmental Management. Dr. Onyango's research interests include population health and well-being research in the global south with a focus on livelihoods and food insecurity, gender-based violence, youth development, maternal and child health and environmental health issues including sanitation and hygiene.

**“This program is supported through United Way Waterloo Region Communities' General Community Fund”**
