

ALWAYS be responsible in keeping your unit in good state and ALWAYS report issues in a TIMELY manner!
Documenting concerns is the key – if not sure how to document, get in touch with a tenant support group, R.E.N.T. Renters Educating and Networking Together or the Waterloo Region Community Legal Services.

An inspector comes within a week in the case of a “non-essential” issue.

By-Law will issue a repair order to be completed by the landlord within a minimum of 19 days. If the issue is not fixed within that time, *By-Law* will contract someone to do the work or lay a charge against the property management.

Fire Prevention will come to inspect the issue. It will request repairs to be done by the property management in a certain period. Afterwards, it will take legal action.

Officers will come out and make a report.

Report online in case of minor incidents at wrps.on.ca/online-reporting when there are no witnesses, no video or evidence at the crime scene, or when damage or loss is under \$5,000.

Each of the services keeps their own case records and can testify at Landlord & Tenant Board Hearings.

At the same time as you connect with *By-Law* or *Fire Prevention*, who will look at property and safety standards, you can also contact Community Legal Services who will review connected issues regarding your lease. You may ask for a portion of your rent retroactively, an end to your tenancy, and/or reimbursement for your damaged property. **If you qualify financially,** you will receive legal advice, help filling forms and preparing for a hearing at the Landlord and Tenant Board. **All issues you have had in the last 12 months can be brought to the Landlord & Tenant Board - even if you have moved out!**

Regarding safety concerns, about either another tenant or a person who is not a tenant but threatens the building safety, direct confrontation is not required. Instead, submit a written request to the landlord about the specific steps you want the landlord to take. If unsatisfied with the landlord’s response, file the appropriate applications to the Landlord and Tenant Board.
